CASE MANAGEMENT

SERVICES

## Integrated Case Management Services

Integrated Case Management Services (ICMS) is an assertive outreach program which emphasizes assessment, advocacy, empowerment, referral, linkage, and supportive counseling.

Services are designed to assist adults in their recovery based on individual needs and interests and helping them gain access to medical, social, educational, housing and other services and resources available to them.

## SERVICES

ICMS services include but are not limited to Community/ In home outreach; Systems Advocacy; Coordination and monitoring of service delivery; Medication and illness education to individuals and their families; Service panning with an emphasis on personal wellness.

## ELIGIBILITY

Individuals referred to ICMS must be 18 or older, resident of Essex, Morris, or Passaic County, and have a diagnosis of a psychotic disorder, major depressive, or bipolar disorders for at least 12 months.

ICMS services are provided predominantly off-site in the consumer's natural environment ("in-vivo") and have no out of pocket cost to the individual.

## GOALS OF CASE MANAGEMENT

- Engage and provide referrals, linkages and support.
- Enable a smooth transition through all phases of illness and recovery.
- Empower persons with mental illness to independently manage their own lives in the way they choose.
- Address the specific needs and assist in service procurement, delivery, coordination, and integration.
